Frederick Road Paving to Begin

ELLCOTT CITY, MD – A Howard County construction project to resurface two sections of Frederick Road in Ellicott City is scheduled to begin on or about Friday, May 14. The first section of Frederick Road to be paved, located between the Maryland Route 29 Bridge and Rogers Avenue, is scheduled to begin on or about Monday, May 17. The second section of Frederick Road to be paved, located between Maryland Route 40 and Centennial Lane, is scheduled to begin on or about Tuesday, May 25. Weather permitting, the project is expected to be completed by Friday, May 28.

These portions of Frederick Road are eligible and approved for repaving under the federally funded American Recovery & Reinvestment Act (ARRA), signed by President Obama in February 2009. A portion of the ARRA funds received by the Maryland Department of Transportation are reserved for distribution to county governments for Federal Aid eligible projects on county-maintained roads.

Flagging operations will be in place to direct traffic as needed and variable message boards and signs will be in place to advise motorists of the construction and the new traffic pattern.

For questions or concerns about Capital Project H-2008, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to publicworks@howardcountymd.gov.
